

How to use Adaption

Welcome to the How to use Adaption site!

[Search the wiki](#)

Welcome to the wiki page of Adaption. Here you can find information about our application and how to use it.

It is our passion to create fitting software for logistic challenges. You will find this passion in our solutions.

Our customers tell us that Adaption 'just make things work'. For any questions just visit our [website](#) , send an email to info@adaption-it.nl or give us a call.

How can we help you?

Per module please find a short description and an easy to use example of process flow. Get started easily!

Feedback

Please, use the **Write a comment ...** function below this page and all other pages. Let us know if you have any questions or comments. We have just started to build up this Adaption Manual site. So any help is welcome!
